

# SCOOBY-DOO!

For 2 players or teams  
Ages 5 and up

## Rules

### Hold On Scooby-Doo!

**Object:**

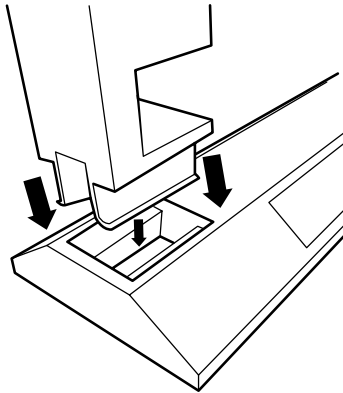

Be the player who doesn't make SCOOBY and Shaggy fall off the wall.

**Contents:**

SCOOBY-DOO/ Shaggy figure, game base, 2 wall frames, 44 bricks, 2 ghost hands, label sheet

**Set-Up:**

Use the back of the package as a guide. Place a label on each side of the game base. Place the base on the playing table.

insert the wall frames into the slots on the base:

Take one frame and hold it so that the end with the two tabs faces down. Look at the package back to see the direction the frame should be facing. Now press the back tab of the frame down against the slot and press the other tab down. Make sure the wall frame clicks into the base so it's flat against the base. Insert the second frame into the base.

Starting at the bottom, place four bricks on each level, flat side down. Keep making levels until all 11 levels have been made. Carefully place the SCOOBY/Shaggy figure on the top near the middle of the wall.

Players should sit opposite each other with the game in between them; each player takes a ghost hand.

**Playing:**

The youngest player starts the game by tapping out any one of the bricks. The next player goes and so on. Players must push out the first brick they touch.

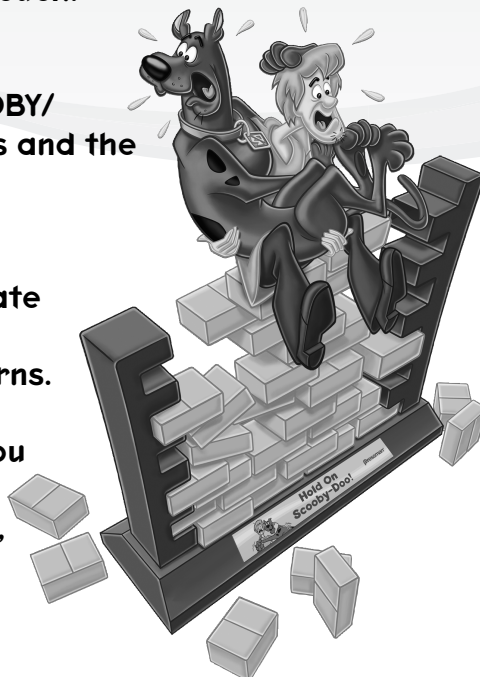

**Winning the game:**

When one player makes SCOOBY/ Shaggy fall off, the game ends and the other player wins.

**Team play:**

Divide into two teams. Alternate which player gets to use the ghost hand on your team's turns.

**Note:** With younger players, you can let everyone touch one brick, decide not to tap it out, but they must tap out the second brick they touch.
